College of Engineering: Development

Fundraising, Gift Accounts & Interacting with Alumni
Two types of accounts to spend from

- **Agency Account**
  - Lives in CSI
  - Aggie Life: View balance and make requests
  - RSO president or treasurer should submit an Agency Account Transaction Request through their own student club login
  - You must register annually with CSI to keep access to your Agency Account
  - If you go 2 years without renewing—your gift funds go to CSI
  - You can’t request to reimburse yourself—so if president spent, treasurer should request reimbursement

- **Gift Account**
  - Lives in the College of Engineering
  - Spend out of pocket
  - Complete a reimbursement form and submit to Melanie Clague
  - If you want your gift funds transferred to your Agency Account, there will be an additional agreement to ensure compliance with gift intent and campus policies.

**When your club receives a gift to your COE gift fund(s), we will alert you with the contact info. we have on file; be sure you provide us with the best person/email to contact.**
Fundraising and gift funds
The College of Engineering’s Development Team can help you...

1. Connect with hundreds of alumni and corporate partners.
   • We are working with alumni and corporate partners daily. If we know what is going on with your group and what your needs are, we can convey your needs and funding opportunities with those who have interest.

2. Produce professional solicitations that get a response.
   • We can review your brochures, websites, other communications you are using to request gifts.
   • Do you have a give.ucdavis.edu webpage to accept gifts online?
     • If yes- do you want to update the photo or edit the text?
     • If not- we can create one with your input.

3. Track your gift funding.
   • Need a reminder of how much money a donor gave you, or what it was given towards? We can answer those questions for you.
Fundraising and gift funds
The College of Engineering’s Development Team can help you...

4. Steward your donors by providing tax-deductible receipts.
   • All gifts are receipted promptly by Advancement Services and are IRS compliant
   • The department or college will send a thank you note
   • Please also thank your donors directly

5. Ensure compliance with campus and IRS regulations.
   • This is most important- there are campus and federal rules about what is and isn’t a “gift.” If you are requesting support through a brochure or webpage, this must be reviewed and approved by Advancement services to ensure campus and IRS compliance. Do this early!
Stewarding your donors

Strong stewardship writing makes your donors feel:
• Appreciated (for their gift)
• Known (their intent is echoed)
• Wise (for choosing to invest in UC Davis)
• Connected (attached to UC Davis)

Therefore, your template follows these sentiments:
• Appreciate them: Say thanks
• Know them: echo their intent
• Reinforce their wisdom: Plug the beneficiary (recipient/department/university)
• Close by strengthening their connection: mention a future interaction, or if not appropriate, reiterate thanks.
Stewarding your donors

Dear Sally,

Thank you for donating frozen yogurt machines to the UC Davis dining halls. Your generosity is a wonderful way to commemorate your son John’s years here, as now all students can enjoy his favorite chocolate-vanilla froyo with sprinkles.

As you know, happy students are successful students. Thank you again for increasing the happiness, and future success, of so many at UC Davis! I hope to share a cone with you in Segundo soon.

Warm regards,

Gunrock
Alumni Engagement

• How do you currently interact with alumni?
  • Events, conferences, meetings
  • Mentorship and volunteering
• How do you currently communicate with alumni?
  • Alumni database
  • Send member names and email addresses for record-keeping!
How to prepare to meet with our team

1. Know how much money is in both your agency and your gift funds.
2. Have a budget in place- do you already have enough to accomplish your goals? Do you need to raise more? If so, how much, what will it go towards, etc.?
3. Be prepared to share any brochures, handouts, letters, webpages that are requesting gift funds with us. We will share them with the campus approvers. We suggest you start this approval process at least 4 weeks prior to your intended send/share date with your prospects.
4. Share your list of corporate entities you plan to request funds for with us. We will review it and let you know if we have a contact that we can share it with on your behalf, or if there’s a campus proposal that conflicts with your request. We may also have suggestions on other industry partners you should approach.
